IEEE Membership

Advancing Technology and Your Career

Exclusive IEEE Member Benefits for Students
IEEE is a worldwide community of technology and engineering professionals, united by a common desire to continuously learn, interact, collaborate, and innovate.

Over 420,000 individuals in more than 160 countries are members of IEEE, one-fourth of which is made up of undergraduate and graduate students. For over 130 years, IEEE members have helped shape the world’s technology future.

As an IEEE member, you are:

- Part of the world’s largest community of technology professionals—a network of communication and learning that is unrivaled in the industry.
- Presented with resources, opportunities, and discounts to help advance your personal and professional goals while supporting the IEEE mission.

RESOURCES:

- News, Web TV programs, publications, e-books, and educational resources allow you to stay current with the latest technologies and trends.
- Programs to advance your career goals, increase your skills, give and receive professional mentoring, and much more.
OPPORTUNITIES:
• Expand your personal network with colleagues who share your expertise and commitment.
• Join IEEE Societies or Affinity groups focused to your area of specialty or interest.

DISCOUNTS:
• Enjoy discounts to IEEE technical resources, digital libraries, continuing education courses, print and online books, premier conferences, group insurance products, and more.

To qualify for an IEEE Student Membership, students must be enrolled in at least 50% of a normal, full-time course of study in an IEEE-designated field.

Get started | ieee.org/join
IEEE student membership includes access to information on the latest technology trends, industry news, and events.

**IEEE Spectrum Magazine**
Every issue of this award-winning monthly magazine provides insights into technology advances and innovation, and the dedicated professionals driving this continued innovation. | spectrum.ieee.org

**IEEE.tv**
Over 3,000 videos examine topics from technology and engineering to author interviews, product news, and conference coverage. Features specific channel for students. | IEEE.tv

**IEEE Xplore® Digital Library**
Discounted access to this immense online resource—nearly 4 million documents in all — spanning journals and magazines, conference proceedings, standards, and more. | ieeexplore.ieee.org

**IEEE Potentials Magazine**
Each issue explores career strategies, the latest in research, and how theories relate to practical applications, as well as important technical developments and their global impact.

**What’s New for Students E-Newsletter**
Stay up to date on student competitions, events, scholarship opportunities, and the latest IEEE.tv programming and information resources.
PROCEEDINGS OF THE IEEE
The most highly cited general-interest journal in electrical engineering and computer science. It provides the global engineering community with fully referenced coverage on all emerging technologies. Members receive exclusive pricing.

IEEE ACCESS®
Members-only pricing on this award-winning, multidisciplinary, all-electronic archival journal that continuously presents the results of original research and development across all fields of interest.

“Participating in IEEE has developed me as a well-rounded engineer and helped me shine during networking events.”
- Likhitha Patha
Electrical Engineering Student,
IEEE Student Branch President,
Virginia Polytechnic Institute and State University

Build Your Network:
Achieve More with IEEE Members and the Professional Community

Collaborate with IEEE colleagues and member groups, and build a support group for your profession, industry, or project.

IEEE COLLABRATEC™
Join IEEE’s growing community of researchers, authors, and technology professionals. The platform hosts a variety of features including a library of published papers, groups, communities, and professional career opportunities. Upload your resume, set your career settings, and expand your job searching coverage online. Build your profile and see your network’s value expand online and advance your profession. | ieecollabratec.org

IEEE STUDENT BRANCHES
Get involved in your local IEEE Student Branch, which offers technology competitions, expert speakers, professional instruction, community projects, plus the opportunity to build a network of IEEE members who can provide support after graduation and in your professional life. | ieee.org/students

IEEE YOUNG PROFESSIONALS
Join an international community of enthusiastic, dynamic, and innovative members and volunteers committed to helping young professionals evaluate their career goals, polish their professional image, and create the building blocks of a lifelong and diverse professional network. | ieee.org/yp
IEEE SOCIETIES, AFFINITY, AND SPECIAL INTEREST GROUPS
Expand your network and your mind when you participate, virtually or in person, in one of the many dynamic IEEE societies, groups, and communities focused on specific technology sectors. | ieee.org/go/societyvalue

CONFERENCE CONNECTIONS
Each year, more than 1,600 IEEE-sponsored conferences and meetings worldwide offer you significant opportunities to collaborate about the latest research and innovations with those in your area of interest. | ieee.org/conferences_events
Join professionals, experts, and advisors that can help shape your career; offer resources to acquire new skills; advance your professional development; and provide numerous opportunities for involvement, recognition, and reward.

CUSTOM IEEE EMAIL ALIAS
Create an @ieee.org email address telling the world that you are a dedicated, active professional and part of a worldwide organization. | ieee.org/googleapps

IEEE MENTORING PROGRAM
This online program facilitates the matching of IEEE Members for the purpose of establishing mentoring partnerships. Whether you are a student seeking educational guidance, a recent graduate entering the workforce, or an experienced professional making a career change, the IEEE Mentoring Program enables you to seek guidance from other IEEE Members to aid in your professional development. | ieee.org/mentoring

CONTINUING EDUCATION
Expand your expertise with an increasing number of IEEE eLearning Library courses, professional certification programs, and other educational opportunities available to IEEE members.

AWARDS & SCHOLARSHIPS
IEEE has created several Student Branch Awards to recognize and reward individuals and teams for outstanding efforts in special projects, activities, meetings, tours, and field trips. Explore exclusive student benefits. | ieee.org/students
IEEE RESUMELAB
This online service allows IEEE members to develop a resume or curriculum vitae using a wide array of templates. Members can also perform mock interviews using over 900 potential interview questions and develop letters, portfolios, and skills assessments to use during the interview process. Best of all, the information developed on IEEE ResumeLab can be easily shared with potential mentors or colleagues via a personalized web site. | ieee.org/resumelab

IEEE JOB SITE
Sign up for Career Alert email updates. Rich with job postings and career-related information, the IEEE Job Site helps you keep an eye on job movement in your industry, so you can act on the best job opportunities. | jobs.ieee.org

“One of the strong points of IEEE is that it has different things to offer you at different stages of your career.”
– Dr. Robyn Murphy
IEEE Fellow, IEEE Robotics and Automation Society Member
More Member Benefits & Discounts

**SAVE:** Exclusive Member Discounts (vary by region)
Require an additional fee, but IEEE members receive exclusive discounts.

- Home & Office Services
- Insurance Services
- Travel Services
- Technology Services
- IEEE eLearning Library
- Conferences & Events

See all of the ways your membership pays for itself. [ieee.org/discounts](http://ieee.org/discounts)
